River Oaks Golf Club

At River Oaks, we take pride in our tradition of excellence in golf. Our challenging and scenic course has been host to the LPGA Tour on two separate occasions and was honored to have had PGA Tour Legend Gary Player as our resident touring professional. The River Oaks Golf course was designed by world renowned Scottish architect Desmond Muirhead, whose picturesque course layout includes: fairways lined with towering oak trees, numerous water hazards and many strategically placed bunkers. River Oaks has earned its reputation throughout the region as a championship caliber golf course that will provide a variety of challenges for all golfers regardless of the level of their ability.
